DECK:

Hydraulic gangway

Side boarding ladder

Besenzoni Crane

Dual windlass combined with winches.

Anchors 2 x 150 kg with 2 x 150 m 22 mm chain

2 electrical capstans on the aft deck

TENDERS/TOYS:

4.8 meter dinghy with 100 hp Yamaha outboard

SERVICE HISTORY AND CONSTRUCTION:

Her recent refit in 2022/23 brought an overhaul of the interior, introducing a sleek, contemporary white design throughout the guest cabins, saloon, and foredeck lounge, creating a bright and inviting atmosphere.

On the exterior, the hull topsides received a fresh coat of paint, and a full solar panel array was added, paired with a high-capacity Lithium-Ion battery system.

The engine room mechanical systems had a refresh while the galley was upgraded with new, modern appliances. A large crane was installed on the foredeck and she is now equipped with the latest in navigation and communication technology.

BROKERS COMMENTS:

Classic Gentleman's Yacht with Extensive Refit

Originally built by Cleland's in 1960, this timeless gentleman's yacht underwent a major refit in 2005, which included the installation of new engines, a generator, and a completely updated interior with a further refit in 2022/2023.

She comfortably accommodates up to 8 guests across four well-appointed cabins: a full-beam master suite, a VIP cabin, and two twin cabins. The boat deck features a stylish covered bar and a spacious alfresco dining area—ideal for entertaining or relaxing in comfort.

Equipped with solar panels, stabilizers (not in function) and large crane she was built to meet ABS class standards, she is exceptionally well-suited for long-range cruising and exploring remote destinations around the globe.

VAT and Spanish Matriculation Tax Paid.
